

COMPETITION PLASTIC IN OUR ENVIRONMENT AND IN ART

(Good news from our school and our town)

In the school year 2019-20 we are inviting open applications for news / literary competition **»Plastic in art and in our environment«**.

The main intention:

Our intention is to prompt pupils' curiosity and their critical mind by taking up a research on the topic of saving the environment and write about it. They are kindly invited to take part in our news / literary competition **»Plastic in art and in our environment«**.

Goals:

- pupils do a research and deepen their knowledge concerning this year's topic;
- they interpret their findings / results, svoja razmišljanja, nizajo ideje, write about their approaches to the problematic situation and find competent co-speakers for the interview;
- take photos or make a short video (maximum 3 minutes);
- write poems or short stories;
- present their work to other schools involved in the project.

Instructions:

Please, send till **15th April 2020**:

- 1 news coverage, 1 article, 1 interview (download it on the Good news website, photos are to be sent via mail: tatjana.klancar@o-ledina.si, before sending, contact Mrs Klančar),
- poems (3 best poems are to be downloaded on the Good news website),
- short stories (3 best stories are to be downloaded on the Good news website).

Remember to write the author's name / age / mentor.

Final selection and the end of the competition

All articles and literary pieces will be marked by special commission of experts. They will choose three best news coverages, three best articles, three best interviews, three poems and three short stories. Winning authors will get a special recognition award.

All prize-winning pieces will be published in a booklet **Plastic in art and in our environment**. We are looking forward to receiving your videos that could be used in our project presentation in Senovo.

Ms Tatjana Klančar,

main coordinator

Ms Marija Valenčak,

headteacher of Ledina Primary School
